Minimum stand size	12m ²
Additional Service	Additional services will be available within our online service center under www.stuva-expo.de . Exhibitors receive their access date in due time before the event date and execute their orders for desired services here. Prices for additional orders are subject to the terms stated in the online service center.
Stand design (cf. General Terms of Participation no. 7)	The obligatory minimum requirements are a floor covering over the full surface (carpet etc.), stand inscription (company name and address) and stand participation walls visually appropriated to the surroundings. The stand sides facing the visitor aisles must be designed in a transparent and open form. For each stand side facing the visitor aisle, a maximum of 30 % of the stand length may be built with closed elements, to a height of 2.50 m. There must be no hindrance to opposite or adjacent stands, and no impairment of the view into those stands.
Stand participation walls (cf. General Terms of Participation no. 7)	Exhibitors are required to mark the limits of rented stand space by stand participation walls, unless they bring their own exhibition stand with them. Display and folding stands are not considered as stand participation walls. Stand participation walls may be rented in the corresponding order forms provided at the Online Service Center.
