

Important Information on the Observance of Health and Safety Advice

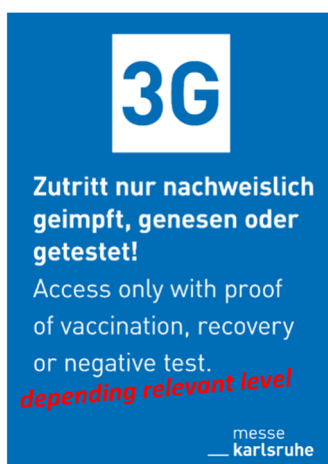

Dear participants and visitors,

We are pleased to announce that STUVA Expo 2021 can be held on 24 + 25 November 2021. For this purpose, we inform you about the protection and hygiene measures required **according to the current state of affairs.**

In order to reduce the risk of transmission and infection with the Corona virus (SARS-CoV-2) to a minimum, all applicable protective and hygiene measures must be observed. This applies to our employees and service partners as well as to all participants and visitors of the event.

As a result of the currently observable development of Corona infection chains, it is possible that not all of the measures listed below need to be implemented at the time the event is held. Likewise, it cannot be ruled out that additional local and temporary requirements may be imposed. Unfortunately, we cannot offer any guarantee for this!

Our current house rules are therefore supplemented by the present protection and hygiene measures and the Corona Ordinance of 15 September (*Basic Level*, *Warning Level* and *Alert Level*) of the currently valid Corona Regulation Baden-Württemberg

Admission to the exhibition premises is only granted to persons who can provide proof of

- 1) **vaccination**
- 2) **recovery after infection**
- 3) **a negative test result**

(depending on the level applicable at the time of the event)

When entering the exhibition premises, you must therefore present suitable documentary evidence in conjunction with a valid photo ID.

In addition, **anyone** from the age of six must wear a **medical face mask everywhere in the exhibition premises.** Protective shields, chin visors, etc are not permitted.

However, this rule is not applicable

- 1) in open spaces, with at least 1.5 m social distancing,
- 2) while having a meal, snack or drink at a catering facility,

- 3) If a face covering is unreasonable due to health or other compelling circumstances. In such a case, evidence must be provided in the form of a doctor's note.

1. Pls observe the specified protective and hygienic measures

Bitte keine Hände schütteln.
No handshakes please.

Bitte Hände desinfizieren.
Please use hand disinfection.

Bitte min. 1,5 m Abstand halten.
Please keep 5 ft of distance.

Bitte Mund-Nasenschutz tragen.
Please wear a face mask.

**Bitte in die Armbeuge niesen/
husten.**
Please sneeze/cough into your
elbow.

2. A new entry and wayfinding system will enable you to keep a sufficient distance from other people at all times.
3. Sanitary facilities and lifts: In our toilet rooms and passenger lifts, safety and hygiene measures apply as a matter of principle. We ask you to observe in particular the distance requirement of at least 1.50m. Our staff are instructed to ensure this. Please do not forget to wash your hands!
4. Personal data: We collect your first and last name, address and telephone number as well as the date and period of your presence on the event grounds. The data collection is for the purpose of tracing chains of infection in connection with the Covid-19 pandemic. The legal basis for the data collection and processing is Art. 6 para. 1 lit. c DSGVO in conjunction with the provisions of the current Corona Protection Ordinance Baden-Württemberg. The above-mentioned data is transmitted to the competent public health authority exclusively at its request and for the purpose of tracing infection chains as well as informing the persons concerned and ordering infection protection measures. The data will be stored by us for four weeks from the time of the event. Afterwards, they are deleted and destroyed.

We wish you a pleasant stay at our event site and thank you for observing the protection and hygiene measures.
